

Pella Fiber’s Managed Wi-Fi powered by Plume SuperPod Create a Plume account and setup your SuperPod™	
<p>1. Download the Plume app from either the Apple Store or Google Play. Next, launch the Plume app.</p>	
<p>2. Choose “Set up Plume”, then enter your name and email to create your Plume account.</p>	
<p>3. Passwords must be at least eight characters.</p>	

<p>4. Check your email and verify the email account that will be associated with your new Plume account.</p>	
<p>5. Next, there are a few steps to setup your SuperPod. There is an option for Advanced setup, if needed.</p>	
<p>6. Enter your Wi-Fi name and password. There will be a series of helpful on-screen tips for additional pod placement.</p>	

<p>7. If you have more than one pod, plug it in and add it to your network now.</p>	
<p>8. Be sure to enable notifications. This will help you be aware of your home network activity.</p>	
<p>9. The Plume app will prompt you to join the new Wi-Fi network.</p>	

10. Finally, after you've allowed Plume to join your network, you'll be taken to the home screen.

Over the next 24 hours, your new Plume Wi-Fi network will optimize to create the best performance for your connected devices.
